

Bogotá D.C., Junio de 2016

Doctor
JOSÉ CAMPOS DE ANDRADE FILHO
Rector Universidade Ibirapuera
Sao Paulo, Brasil

Estimado Doctor,

En mi calidad de directora de la Unidad de Investigación Básica Oral -UIBO- de la Universidad El Bosque (Bogotá, Colombia), y en aras de fortalecer los vínculos entre nuestras instituciones, es de mi interés mantener activo el trabajo colaborativo que hasta la fecha hemos establecido con la Universidade Ibirapuera en cabeza del Dr. Leandro Chambrone, y en un futuro establecer un convenio formal que nos permita estrechar los lazos académicos e investigativos.

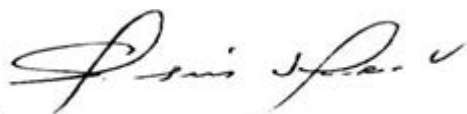

La Universidad El Bosque es una institución educativa de carácter privado, la cual cuenta con certificación de alta calidad por la República de Colombia, cuya facultad de Odontología mantiene acreditación nacional e internacional por la RIEV; así mismo, el grupo de investigación que lidero presenta actualmente el más alto escalafón para grupos de investigación otorgado por el Departamento Administrativo de Ciencia, Tecnología e Innovación -Colciencias- de la República de Colombia.

Es de interés para la Universidad El Bosque mantener los vínculos colaborativos con la Universidad de Ibirapuera, y ampliar esta colaboración a través de un convenio interinstitucional que cubra tanto el área investigativa como la académica.

Esperando que de la misma manera que para nosotros, la Universidad por usted representada tenga interés de desarrollar el convenio en un futuro próximo.

Agradezco la atención a la presente.

Cordialmente,

GLORIA I. LAFAURIE V.
Directora Instituto UIBO
Universidad El Bosque
Bogotá, Colombia

Dear Dr. Chambrone:

This is to confirm your position as a Visiting Assistant Professor in the Department of Periodontics that began in 2016. In conjunction with this role, you will be presenting educational seminars to our residents, staff, and faculty members during a week in July 2017. This is a complimentary, unpaid appointment and will be for the second year of your initial three-year appointment which began in August 2016. This appointment is conditional on issue of a J-1 visa for scholars on an annual basis.

U.S. immigration law requires that every J-1 scholar and J-2 family member have adequate health insurance coverage for the duration of their stay in the United States. The University of Iowa requires this insurance to be purchased through the University of Iowa, and you will sign up for this insurance during the J-1 scholar check-in (<http://international.uiowa.edu/isss/new/pre-arrival/health-insurance>). The Department of Periodontics will cover the costs of single SHIP coverage for the month in which your visit falls. If your family accompanies you, you will be responsible for the costs of their coverage.

The Department of Periodontics will cover the costs of your hotel stay for up to five nights in the Iowa City area and will reimburse you for economy air fare. We estimate these expenses to be \$3,000. If your family members accompany you, you will be responsible for their travel expenses.

You are required to schedule an orientation/check-in appointment with the University of Iowa's International Student and Scholars Services office within 5 days of your arrival in the United States. You will receive University ID cards, HawkID's and computer and library privileges through your complimentary appointment in the Department of Periodontics. You will not have clinical privileges to provide patient care.

We anticipate fulfillment of a commitment as described herein. Nevertheless, we are aware that situations might arise in which you might find it necessary to terminate before the end of this term. If so, we request that at least a one-month notice be given the department so that appropriate arrangements can be found.

Dr. Leandro Chambrone

The University of Iowa and the College of Dentistry are committed to the creation of a positive work environment for all. Toward this goal and paralleling University of Iowa's Policy on Sexual Harassment (<http://www.uiowa.edu/~our/opmanual/ii/04.htm>), you will be required to successfully complete an approved sexual harassment prevention education course during the first week of employment and at least every three years thereafter. You may satisfy this requirement by completing a University of Iowa-approved online course; you may register for these courses through UI Employee Self Service (<https://login.uiowa.edu/uip/login.page?service=https://hris.uiowa.edu/portal/>). You will be further instructed by your department at your time of appointment regarding accessing this course on Self Service. Further information about the education requirement and login instructions is also available at: <http://diversity.uiowa.edu/eod/sexual-harassment-prevention-education-resources-0>.

As a condition of your employment, you are required to wear a College of photo ID badge whenever you are in the Dental Science Building. An ID badge will be issued on your first day of employment.

Enclosed please find the DS-2019 form and additional instructions (<http://international.uiowa.edu/iss/new/pre-arrival/visa-immigration#scholar>). Please follow the instructions on this form in order to secure your J1 visa from the American Consulate in San Paulo. In addition, please indicate your acceptance of this offer by signing and dating the second copy of this letter and returning to me in the enclosed envelope. Your early reply will be most appreciated.

Sincerely,

David C. Johnsen, DDS, MS
Dean

Re: International Academic Research Collaboration

Dear Prof. Campos de Andrade Filho:

Hereby we would like to initiate an international academic collaboration between the Faculty of Dentistry, Dalhousie University, Halifax, Nova Scotia, Canada and the Graduate Program in Dentistry at the Universidade Ibirapuera, Sao Paulo, Brazil. All initiatives are to be joint and coordinated by Drs. Isabel Mello and Anna Carolina Mello-Moura, from the respective institutions.

This initiative will establish an important partnership between our Universities in order to develop joint academic and research projects and exchange of visiting professors and scientists.

Sincerely yours,

Thomas L. Boarn, DDS, MEd, FACD, FICD, FPFA

Prof. Dr. Susana Morimoto
Dean of postdoctoral program of Dentistry
Ibirapuera University

Dear Prof. Dr. Susana Morimoto:

First of all, I am pleased hereby to accept to be a collaborator of the new PhD program of Biodentistry of Ibirapuera University.

We have already collaborate with Dr. Arthur Rodriguez Gonzalez Côrtes in research now.

Then we can advance our collaboration in research in the future.

I hope this collaboration in research will benefit both our institutions.

Sincerely,

Junichi Asaumi
